Sponsorship Prospectus

CONTENTS

OF OUR DECK

Why to Sponsor us?

By sponsoring our open-source conference, you can position your company as a part of open collaboration and technological progress, gaining visibility among a highly engaged community of developers and industry leaders.

Investing in our conference demonstrates your commitment to fostering innovation, networking with top talent, and accessing cutting-edge ideas and solutions that can drive your business forward.

About Tcet Open Source

"We're nurturing an open source community of enthusiastic developers"

TCET Open Source is a community of students of Thakur College of Engineering and Technology (TCET) who are passionate about open source software. The organization aims at the goal of promoting the use of open source software in education and industry.

About Open Conf

OpenConf aims to bring together students, industry folks and education sector to build better software with open source. Promoting open source and guiding young builders on how to step into open source and scale their careers.
